

INTERNATIONAL MARTIAL ARTS and COMBAT SPORTS SCIENTIFIC SOCIETY

Dear Members,

The **11th Conference** of this scientific society will be celebrated in **Rzeszów**, Poland, in **October 13-15, 2022**.

More: <http://wf.ur.edu.pl/Dzialalnosc-naukowa/Konferencje-cykliczne/Combat-Sports/2022csma/Programme-schedule.aspx>

In agreement with the Japanese Academy of Budo and the decision of the IMACSSS Board, we decided that in September 10-11, 2023 our 12th Conference will be held in Osaka, Japan.

The Management Board and Advisory Board expect written proposals/notifications of readiness to organize the next IMACSSS scientific conferences – for the years 2024-2026. These are to be pdf files sent by e-mail to the President or Secretary General. The idea is to decide on a conference for 2024 in Rzeszów at the latest in October 2022.

We invite you to join the IMACSSS divisions (Bio-technical Approaches, History, Pedagogy, Science & Logic of Combat, Philosophy, Sociology & Anthropology, Kinesiology, Psychology, Coaching, and Security & Self Defence). Our proposal is addressed to people with academic degrees – PhD and above.

We remind you that every goodstanding member can obtain a certificate confirming membership in a given year. Please also update your email address details and settle membership fees.

We would also like to remind you that people who have overdue their membership fees for the last three years have been removed from the IMACSSS list of members. Membership certificates will be sent after sending information to the e-mail address: pa_przemek@poczta.onet.pl.

I warmly greet you,
On behalf of the Board,
Professor Dr Wojciech J. Cynarski,
President
